Science consultation

Junior cycle

Want to help shape the new Science course in the Junior Cycle? Take part in our [online survey](#), before the end of October.

Junior cycle

Assessment toolkit

The online [Assessment and Moderation Toolkit](#) continues to expand and the next wave of activity includes whole school resource material, due on the site by the end of October.

Short courses

Find out how to develop a [short course](#) or have a look at the 9 short courses

Primary

Language consultation

You had your say, and now we have an interim report on the [Primary Language Curriculum Consultation](#).

Maths resources

Planning on sharing some [maths ideas](#) with parents? Take a look at our online information sheets and videos.

Senior cycle

Leaving certificate

Watch out for background papers on Agricultural Science and Applied Maths, due for consultation in the near future. Further information will be on the NCCA site by late October.

Transition units

Looking for inspiration for transition units? You'll find plenty of [examples](#) here, both established and new.

already developed.

[Primary](#)

Education passport

Find out all you need to know about the [Education Passport](#) and help children to make a good move from primary to post-primary.

[Junior cycle](#)

Informing parents

Parents will have many questions about the new junior cycle and they will find most of the answers on the [junior cycle site](#).

[Junior cycle](#)

Planning for L2LP

The Planning Tool for the Level 2 Learning Programmes will go 'live' in late October and join the other [L2LP resource material](#) on the curriculumonline site.

[Junior cycle](#)

English

Don't forget, the [assessment specifications](#) for English are available on the junior cycle site.

[Primary](#)

Live broadcasts

Maths is the next curriculum for development at primary and we are currently at the research stage. Watch the keynotes of our research-sharing conference, either live on www.ncca.ie on 24th November, or as podcasts afterwards.

[Junior cycle](#)

Key skills

It's good to share. And we are happy to share examples of junior cycle [key skills in the classroom](#).
