

Senior Cycle Construction Studies	Development Group Meeting 2 9 <sup>th</sup> April 2024 Short Description
<b>Agenda Item</b>	<b>Notes</b>
<b>Assessment parameters</b>	The assessment parameters for all Tranche 2 subjects including LC Construction Studies were outlined to the group by an Acting Director and discussed in detail.
<b>Rationale, aims, continuity and progression.</b>	The first draft of the rationale, aims, continuity and progression sections were considered. Feedback was taken to inform the further development of these sections.
<b>Initial scoping of the strands of study</b>	The development group considered approaches taken in different subjects in relation to the stands of study. The development group began to consider knowledge, skills, values and dispositions students should learn in Construction Studies.
<b>Next steps and next meeting</b>	The chair reflected on the work done and thanked the members for their attendance and contributions.  <b>Next meeting: 13<sup>th</sup> May 2024</b>
