LC Computer Science	Development Group Meeting 3, November 20th 2024 Short Description
Agenda Item	Notes
Governance	Minutes approved and no declarations or conflicts of interest
Overview of updated specification	The Executive provided an overview of updates made to the specification at the previous meeting. The Development Group members discussed possible edits to each document to refine clarity.
Decomposing and recomposing strands 1 & 2	The development group made edits and suggestions to restructure Strand 1 and Strand 2. This included keeping the strand 1 overall structure but refining content, re-balancing between strands 1 and 2 with some edits suggested to core concepts in strand 2, and keeping a classroom-based perspective on the strands.
Applied Learning Tasks and T3 parameters	The group discussed the issue of having differentiation within the ALTs and the rationale for the ALTs. Also a brief discussion on the model for assessment and how it relates to LCCS.
Next steps	The Chair thanked members for their attendance and active engagement in the meeting. The Executive will review the discussions and distribute draft materials for the next meeting. **Next Meeting:** December 10th 2024
